

REMARKS

Claim 13-15 are in the case. These claims are directed to an apparatus for treating waste water. It is Applicant's intention to present claims generally comparable to those allowed in the parent application which were all process claims.

New FIGURES 1, 2, 3 and 5 are intended to address minor errors in the drawings which were noted in the parent application.

Applicant would like to direct the Examiner to all of the prior art cited in the parent application.

An early allowance is requested.
